2.33 Visitor/Visitation
2.34 Workforce Development for HCBS Rules and Animals

3.0 Additional Resources

3.1 DDD Complete Set of All Policy Manuals
3.2 Policy Manual URL List by Chapter

1.1 Purpose

This guide will assist Service Providers with their responsibility for developing, standardizing, maintaining, and adapting policies based on Division requirements and Member needs. The policy requirements identified in the checklists of this document serve as an outline to assist the Service Providers in developing policies that are compliant with Division Rules and Policies. The forms/documents included in this tool are being provided for guidance only. It does not in any way relieve Service Providers of their responsibility and accountability for compliance with the terms and conditions of the Service Providers Agreement and all applicable laws.

1.2 Instructions

1. Review 1.3: Key Components to review the broad components you will need to have in place for each of your policies.
2. Review 1.4: Services Key and 1.5: Policies by Services Key to identify the policies you need to have in place. You will need to complete the applicable policy checklists located in Part 2.0: Policy Development Checklists.)
3. After you have identified your policies through 1.4: Services Key and 1.5: Policies by Services Key, consider the questions under the “Requirements” section of each checklist. Requirements that are specific to each policy will be found here.
4. When you are filling out your checklists, use the “Policy Page Reference” column within each checklist to identify, by page number, where your policy addresses each question. This will allow the reviewer to access this information quickly.

   Note: Please add “N/A” to the “Policy Page Reference” column if the question is not applicable to your service.
5. Use the “Resources” area of each policy checklist to locate tools and resources that are needed to complete your policy or help with its development.
6. Use the “References” area at the end of each policy checklist to identify where the requirements for your policy originate from (e.g., DDD Provider Policy Manual.)
7. Use the “Comments” area within each policy checklist to leave notes or communicate with the Division about your policy.

1.3: Key Components for Written Policy Content

Key Components are required for your policies to be considered complete. They need to be in place for *every applicable policy within this tool*. If there are any Key Components missing, the policies and filled-out tool that you provided to the Division will be returned to you for revision until each Key Component is addressed in your policies. Requirements specific to each policy will be found in the "Requirements" section of each policy checklist. *Key Components that are required to be in each of your applicable policies are listed below:*

1.3.1 Policies developed will address all questions in each policy requirement checklist (Review 1.5: Policies by Services Key to determine what policies must be written.) HCBS Rules: The purpose of the HCBS Rules is to ensure individuals receiving HCBS are integrated into their communities and have full access to the benefits of community living. These new requirements, from the Centers for Medicare and Medicaid Services (CMS), impact individuals receiving services in residential and non-residential settings: Group Homes, Nursing-Supported Group Homes, Adult and Child Developmental Homes, Supported Living Services with 24-hour staffing, Day Services-Adult, Day Services-Child, Center Based Employment Services, and Group Supported Employment Programs.

1.3.2 Each policy will identify by title, the staff responsible for implementation (i.e., supervisor, manager, etc.). As we continue to move forward, it's important to ensure Members are served by applying the guiding principles of the ALTCS program including, but not limited, Member-centered case management practices, person-centered planning that safeguards against unjustified restrictions, and stakeholder collaboration. It is equally important that we continue to monitor for HCBS Rules in their day-to-day lives. The final rule addresses several sections of Medicaid law under which states may use federal Medicaid funds to pay for home and community-based services (HCBS). The rule supports enhanced quality in HCBS programs, adds protections for individuals receiving services. In addition, The Service Provider has a policy that reflects full compliance with the HCBS Rules. This rule reflects CMS' intent to ensure that individuals receiving services and supports through Medicaid's HCBS programs have full access to the benefits of community living and are able to receiving services in the most integrated setting

1.3.3 Identify the necessary forms that will be used for documentation.

1.3.4 Describe the requirements for recordkeeping to ensure consistency throughout all settings.

1.3.5 Identify the training that will be needed to support the staff and Service Provider policy.

1.3.6 Describe how staff will be trained (i.e. in-person, WebEx, etc.)

1.3.7 Identify who or what entity will develop and implement the training.

1.3.8 Explain what internal tracking and monitoring processes will be implemented to ensure Service Provider compliance with the Division contract.

1.3.9 Each policy will identify by title, the staff responsible for the oversight and monitoring of the tracking system and documentation.

1.3.10 Describe the methods that will be used for tracking and monitoring to ensure continuous improvement and system change.

1.3.11 Each policy will identify specific timeframes based on Federal, State, and internal Service Provider requirements

1.3.12 Ensure each policy addresses how the Service Provider will address/meet reporting requirements, if applicable (as specified by Federal, State, and Division requirements).

1.3.14 Describe how the Service Provider intends to ensure oversight for the implementation, review, and monitoring of the policy.

1.3: Key Components for Written Policy Content *(Continued)*

1.3.15 Identify the corrective measures that will be used to address infractions, concerns, or incidents that violate the policy.

1.3.16 Ensure your policy contains the following:

- Document Number
- Training Requirements
- Document Name
- Oversight of Policy
- Effective Date
- Policy Owner (and/or Author)
- Description of Policy
- Purpose
- Compliance Guidelines (process for corrective action)
- Any other forms associated with the policy (appendix)

2.02 Attendant Care and Homemaker Monitoring & Supervision *(for ATC and HSK)*

Vendor Agency: Foundation for Independence Holdings LLC

Division Reviewer: _____ Date Reviewed: _____

Attendant Care and Homemaker Monitoring & Supervision *(for ATC and HSK)*				
Requirements *(Staff/Member Only)*	**Service Provider Only**		**DDD Only**	
	Policy Page Reference (Page #)	**N/A**	**Yes**	**No**
1. Does the policy include the following for **monitoring** visits:				
a. Submitting monitoring tools within 15 days of the visit to the Support Coordinator.	N/A	☑	☐	☐
b. Utilizes DDD 1431A FORFF *(Attendant Care/Homemaker Service/ Monitoring/Supervision)* or agency form that includes the same information as the Division form.	N/A	☑	☐	☐
c. For Members being served by a new DCW *(initial visits)*, supervision is required within five days *(telephonic or virtual is permitted, must include both audio and video)*.	N/A	☑	☐	☐
d. The 2nd visit will occur within 30 days from the initial service provision date.	N/A	☑	☐	☐
e. A third visit within 60 days will occur ONLY if issues are identified by the Member, QV, or Division.	N/A	☑	☐	☐
f. A 3rd visit will occur within 90 days from the initial service provision date and the DCW must be present during this visit.	N/A	☑	☐	☐
g. After the initial 90th day visit, all other visits will occur at least every 90 days from the previous visit.	N/A	☑	☐	☐
h. A visit while the DCW is providing services and physically in the member's home, will occur once within the first 90 days of the DCW's initiation of services for each member served and annually thereafter (these visits can be combined with the 5th, 30th, 60th, or 90th day visits).	N/A	☑	☐	☐
2. Does the policy reflect the following for **supervisory** visits:				
a. For Members continuing to receive service from the same DCW *(continuing visits)*, supervision is required every 90-days.	N/A	☑	☐	☐
b. The annual yearly timeframe begins with the first 90-day visit.	N/A	☑	☐	☐
c. The DCW must be present at a minimum of twice per year, and those visits must be in person.	N/A	☑	☐	☐
d. Two of the visits may be conducted virtually (both audio and video) provided the Member has access to the internet/ devices, lives in a location with internet access and does not incur additional costs for internet access for that visit.	N/A	☑	☐	☐
e. Process for maintaining the completed forms and providing the completed forms to the Division upon request.	N/A	☑	☐	☐

Attendant Care and Homemaker Monitoring & Supervision *(for ATC and HSK)*				
Requirements *(Staff/Member Only)*	**Service Provider Only**		**DDD Only**	
	Policy Page Reference (Page #)	**N/A**	**Yes**	**No**
3. Is there a policy to maintain documentation of any familial relationship that the Direct Care Worker has with the Member?	N/A	☑	☐	☐
4. All questions must be directed to the Member who shall be given the opportunity to participate in the visit supporting their self-determination, regardless of age, to the maximum extent possible engaging the responsible person as appropriate. In addition, consideration should be given to having these conversations in private with the Member.	N/A	☑	☐	☐

2.04 Behavior Support

Vendor Agency: Foundation for Independence Holdings LLC

Division Reviewer: _____ Date Reviewed: _____

Behavior Support				
Requirements *(Staff/Member Only)*	**Service Provider Only**		**DDD Only**	
	Policy Page Reference (Page #)	**N/A**	**Yes**	**No**
1. Does the policy indicate when staff will be trained in P.R.O.U.D. *(Providing Respectful Opportunities and Understanding De-escalation)* and support?	46	☐	☐	☑
2. Does the policy outline prohibited techniques and which techniques require PRC approval to use with a Member?	46-47	☐	☐	☑
3. Does the policy indicate that the staff are trained in Positive Behavior Support?	46, 48	☐	☑	☐
4. Does the policy designate a behavior plan writer that outlines and describes the steps to develop the behavior plan which needs to align with Behavior Supports Manual Chapter 800?	47	☐	☐	☑
5. Is the policy consistent with Article 9 training and requirements?	46	☐	☑	☐
6. Does the policy include the agency's system for tracking BP timely submission to PRC and any upcoming BP expiration date?	47-48	☐	☑	☐
7. Behavioral – Supported Group Home only: Service Providers will participate in the development of an Integrated Treatment Plan/Behavioral Plan that is function-based, evidence-based, and targets functionally equivalent replacement behaviors within 45 days of the Member's move into the home. Service Providers will develop and meet objectively specified behavioral outcomes for 30, 45, and 90 days after the Member's admission into the home. Intervention benchmarks will continue to be developed and met for each successive month for the duration of the Member's placement. These data-based objectives should result in the Member's successful transition into a less restrictive residential setting.	N/A	☑	☐	☐
8. Does the policy outline how requirements will be met when a medication is prescribed for the purpose of behavior modification?	48	☐	☑	☐
9. Does the service provider outline their process in tracking Behavior Plans (BP) targeted behaviors, plan monitoring and the effectiveness of the BP as outlined in Behavior Supports Manual Chapter 800?	48	☐	☐	☑
10. Does the policy include systems to ensure compliance with the following for Members using medication for behavior modification?	48	☐	☑	☐
a. Quarterly medication reviews	48	☐	☑	☐
b. Screening for Tardive Dyskinesia	48	☐	☑	☐
c. Prohibitions as outlined in R-6-6-909 .	48	☐	☑	☐

Behavior Support				
Requirements *(Staff/Member Only)*	Service Provider Only		DDD Only	
	Policy Page Reference (Page #)	N/A	Yes	No
11. Does the policy describe the system the Service Provider will use to ensure DSPs are trained on the Member's BP (Behavior Plan) prior to working with the Member, at least annually, and whenever changes are made to the BP?	48	☐	☑	☐

Supporting people with challenging behaviors, iii. Implementing Applied Behavior Analysis (ABA) programs. d. All DSPs must demonstrate competency in knowledge, application & generalization of skills to novel situations. e. All DSPs must participate in ongoing training to assure acquisition of specified behavioral and program components inclusive of assessment and measurement of behavior, skill acquisition strategies, behavior prevention and reduction, documentation/ reporting, professional conduct/scope of practice, and ability to promote independence.				

Personnel Hiring and Training Plan: Training and Qualifications				
Requirements *(Staff/Member Only)*	Service Provider Only		DDD Only	
	Policy Page Reference (Page #)	N/A	Yes	No
f. All DSPs must participate in direct observation to ensure they exhibit a willingness to engage with Member(s) in a positive, instructive, and nurturing manner. Direct observation must include recorded qualitative and quantitative data reflecting Staff and Member engagement. g. Clinical oversight must be provided by an independently licensed BHP. BHP means an individual licensed under A.R.S. Title 32 whose scope of practice allows the individual to: i. Independently engage in the practice of behavioral health as defined in A.R.S. § 32-3251; or ii. Except for a licensed substance abuse technician, engage in the practice of behavioral health as defined in A.R.S. § 32-3251 under direct supervision as defined in A.A.C. R4-6-101. A BCBA is preferred. With Department approval, Service Providers may temporarily use a subcontracted clinical consultant to meet the program and clinical oversight requirements. The consultant must have obtained a Master's degree or be enrolled in a Master's degree program that leads to certification as a Board-Certified Behavior Analyst (BCBA) and work under the direct supervision of an independently licensed BCBA. This clinical oversight structure is aligned with the service delivery requirements for a Behavior Analysis Trainee under the AHCCCS Medical Policy Manual, Chapter 320-S, Behavior Analysis Services. h. The Service Provider must provide clinical oversight in accordance with the Member's Planning document, with a minimum of ten (10) hours provided each week with fifty percent (50%) of the hours provided onsite. Four (4) hours of clinical oversight Must include behavioral assessment interventions for each Member each month. Additional clinical oversight activities may include, but are not limited to: i. Observation of DSP and Member interactions, provision of direct staffmonitoring, staff feedback, and staff training; ii. Analysis of metrics and accountability; iii. Reporting to the Member and their PCSP team; iv. Attendance at Enhanced Behavioral Group Home as required by the Division; and v. Review and debriefing of special incidents using the DDD/BHA Incident Debriefing Form for behavioral incidents that result in medical attention, crisis, and police involvement.	N/A	☑	☐	☐

Key Requirements	Service Provider Only		DDD Only

Comments

Area 7 was part of the new additional information added to the new form that needs to be mentioned in the policy manual- Tommy G

Return to Table of Contents

3.1 DDD Complete Set of All Policy Manuals

des.az.gov/services/disabilities/developmental-disabilities/policies-and-rules/policies

This allows you to download all seven DDD policy manuals to your desktop, as a reference manual. The policies are updated as often as once a week. You may want to download a new copy and replace your old version, if you want to see the best possible version for your research. The revision date will always be listed as part of the file name (example):

des.az.gov/services/disabilities/developmental-disabilities/policies-and-rules/policies

Next you will see the titles of the Policy Manuals in the light grey navigation bars stacked vertically in the middle of the page - and the little navy-blue arrows to the right of the titles will “drop-down” to see more detailed information about each manual. Click once to drop-down, click again to roll it back up.

When you drop-down to see the details, there will be a link to download the entire policy manual at the end of the introductory paragraph.

Next on the page is a table, which lists out every individual chapter contained in the manual, by chapter name and number. You can click on each chapter to read it online (the PDF will open into the browser window). From the browser menu options, you will have the option to download the PDF for that chapter and save it to your desktop for further reading.

The last link in the table is to the Revision History for that policy manual. It will show you the changes made to each chapter, sorted by month and year.

Scroll back up to the light grey navigation header and click on the blue arrow. The details and the table for that policy manual will roll up, and you can continue to research in the next manual, by going to the next navigation bar.

3.2 Policy Manual URL List by Chapter

The Division Policy Manuals are located on the DDD website at:

des.az.gov/services/disabilities/developmental-disabilities/policies-and-rules/policies

The first clickable option is at the bottom of the Welcome paragraph.
